Client decides the type of grille, the style of the grille, material to use, powder coating chosen, sizes parts and descriptions, details on type of screws. Once all the details are decided the quote is created and includes client's name/business, job names, and shipment instructions. Once the client approves the quote, a sales order gets created, and deposits are received. Drawings are constructed by the engineers and sent to the customer. They will either approve or change drawings, Once the drawings get approved, the job is submitted to the shop for fabrication. At completion, Quality checks are done, and job is packaged and crated / boxed. Customer is notified of the completion of an invoice (final payment is given) The job is then picked up/shipped or delivered. Majority of our sales are from the above list. We also have metal work and laser work and customized decorative options.

Yes ☐ No ☒

2. Has the Applicant or any of the management of the Applicant, the anticipated users or any of their affiliates, or any other concern with which such management has been connected, been cited for a violation of federal, state, or local laws or regulations with respect to labor practices, hazardous wastes, environmental pollution, or other operating practices? (If yes, furnish details on a separate sheet)

Yes ☐ No ☒

3. Is there a likelihood that the Applicant would proceed with this project without the Agency's assistance? (If no, please explain why; if yes, please explain why the Agency should grant the benefits requested)

 Yes ☐ No ☒

Yes, we have decided to try to stay in NY, keep our investment here, preserve these jobs, and add others despite an environment which is high cost, high taxes, and seemingly against promoting business and business growth. Long Island has already seen a great loss in manufacturing jobs and we hope to see that rectified and corrected in the future. Property tax abatement would help us keep our operation and these jobs in Suffolk County.

5. If the Applicant is unable to obtain financial assistance from the Agency for the project, what would be the impact on the Applicant and on the municipality?

Should this financial assistance not materialize, our growth plans would be jeopardized.
Our current lease is insufficient for our operational needs, making the acquisition of the larger,

unoccupied, facility in Brookhaven, essential for our expansion and the revitalization of the property.

Original signature and initials are required. Electronic signatures and initials are not permitted.

5. The Applicant understands and agrees that in accordance with Section 858-b(2) of the General Municipal Law, except as otherwise provided by collective bargaining agreements, new employment opportunities created as a result of the project will be listed with the New York State Department of Labor, Community Services Division and with the administrative entity of the service delivery area created pursuant to the Job Training Partnership Act (PL 97-300) in which the project is located (collectively, the "Referral Agencies"). The Applicant also agrees that it will, except as otherwise provided by collective bargaining contracts or agreements to which they are parties, where practicable, first consider for such new employment opportunities persons eligible to participate in federal job training partnership programs who shall be referred by the Referral Agencies.

The purpose of the Brookhaven IDA is to provide benefits that reduce costs and financial barriers to the creation and to the expansion of business and enhance the number of jobs in the Town.

Non-profit corporations and affordable housing projects are exempt from the construction wage policy.

Any applicant required to adhere to this policy shall agree to:

- (1) Employ 90% of the workers for the project from within Nassau or Suffolk Counties. In the event that this condition cannot be met, the applicant shall submit to the Agency an explanation as to the reasons for its failure to comply and;
- (2) Be governed by the requirements of Section 220d of Article 8 of the Labor Law of the State of New York; and when requested by the Agency, provide to the Agency a plan for an apprenticeship program;
