**Re: Amneal Pharmaceuticals LLC 2019 Facility
Application for Extension of Economic Benefits**

Dear Ms. Mulligan and Members of the Board:

Enclosed please find: (i) an application for financial assistance for Amneal Pharmaceuticals LLC (the "Applicant"); and (ii) a Short Environmental Assessment Form relating to the above-referenced project (the "Project") located at 19 Nicholas Drive, Yaphank, New York (the "Yaphank Property"). A check in the amount of \$4,000.00 representing the application fee will follow under separate cover.

I also attach a business plan outlining the proposed Project, which includes renovations to be performed the Yaphank Property as well as at 50 Horseblock Road, Brookhaven, New York (the "Horseblock Property"). The Town of Brookhaven Industrial Development Agency (the "Agency") previously granted benefits to an affiliate of the Applicant for the Horseblock Property, which have since expired. The Applicant intends to submit an application for economic assistance relating to significant improvements to be made at the Horseblock Property under separate cover.

The Applicant is a subsidiary of Amneal Pharmaceuticals, Inc. (the "Company"), a publicly traded global biopharmaceutical company that has developed and delivered a diverse portfolio of generic and specialty pharmaceuticals for nearly 25 years. The Company is committed to expanding affordable access to high-quality medicines and has developed the Amneal Patient Assistance Program, which has helped thousands of eligible patients obtain their medications at no cost. The Company's continuing success and growing demand for its products and services necessitate modifying its facilities to increase production capacity, diversify its product offerings and accelerate revenue growth while maintaining the highest quality standards. The Applicant has also partnered with Suffolk County Community College to develop a tailored training program designed to prepare local residents for careers in pharmaceutical manufacturing.

The Company currently employs approximately 780 individuals in its two facilities in the Town of Brookhaven, and anticipates creating additional positions to support its upcoming projects.

The Applicant's renovations at the Yaphank Property will support another expansion of

manufacturing at the Horseblock Property. The Applicant originally acquired the Horseblock Property as a 110,000-square-foot building. Since then, the Applicant has renovated and expanded the facility into a 352,544-square-foot, three-story building, and employment at the facility has grown from approximately 150 employees to nearly 780.

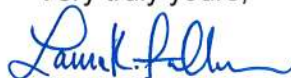

Now, in response to increased demand and technological advancements, the Applicant plans to undertake a strategic expansion of its New York operations to further support activities at the Brookhaven facilities. As part of this initiative, approximately 77,000 square feet of existing warehouse space at the Horseblock Property will be redeveloped into a state-of-the-art pharmaceutical manufacturing facility dedicated to advanced dosage form production (e.g., oral solids and liquids, injectables, ophthalmics, etc.). This redevelopment represents a transformative investment in Brookhaven's life sciences infrastructure and further reinforces the Town's position as a center for high-value pharmaceutical manufacturing.

To ensure uninterrupted operations during the planned renovation of the Horseblock Property, the Applicant will relocate existing warehousing functions to the Yaphank Property. In connection therewith, the Applicant seeks (x) an extension of the term of its existing lease and real estate tax abatement transaction with the Agency for the Yaphank Property for an additional five years to facilitate these objectives, and (y) sales tax abatements on certain materials and equipment to be installed and utilized at the Yaphank Property.

We respectfully request that the foregoing matter be added to the agenda of the Agency's March board meeting.

Please do not hesitate to contact me with any questions.

Very truly yours,

Laura K. Fallick
