**Re: Amneal Pharmaceuticals of New York, LLC/50 Horseblock Road, Brookhaven, NY
Application for Financial Assistance**

Dear Ms. Mulligan and Members of the Board:

Enclosed please find: (i) an application for financial assistance for Amneal Pharmaceuticals of New York, LLC (the "Applicant"); and (ii) a Short Environmental Assessment Form relating to the above-referenced project (the "Project") located at 50 Horseblock Road, Brookhaven, New York (the "Horseblock Property"). A check in the amount of \$4,000.00 representing the application fee will follow under separate cover.

I also attach a business plan outlining the proposed Project, which includes renovations to be performed at the Horseblock Property as well as at 19 Nicholas Drive, Yaphank, New York (the "Yaphank Property"). The Town of Brookhaven Industrial Development Agency (the "Agency") accepted an application for an extension of economic benefits last month for the Yaphank Property. The improvements at the Yaphank Property are intended to support the significant renovations at the Horseblock Property.

The Applicant is a subsidiary of Amneal Pharmaceuticals, Inc. (the "Company"), a publicly traded global biopharmaceutical company that has developed and delivered a diverse portfolio of generic and specialty pharmaceuticals for nearly 25 years. The Company is committed to expanding affordable access to high-quality medicines and has developed the Amneal Patient Assistance Program, which has helped thousands of eligible patients obtain their medications at no cost. The Company's continuing success and growing demand for its products and services necessitate modifying its facilities to increase production capacity, diversify its product offerings and accelerate revenue growth while maintaining the highest quality standards.

The Company currently employs approximately 780 individuals in its two facilities in the Town of Brookhaven, and anticipates creating approximately 70 additional positions over the next two years to support its upcoming projects.

The Applicant originally acquired the Horseblock Property as a 110,000-square-foot building. Since then, the Applicant has renovated and expanded the facility into an approximately 472,000-

square-foot, three-story building, and employment at the facility has grown significantly from the original approximately 150 employees.

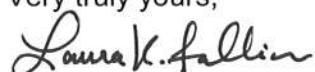

Now, in response to increased demand and technological advancements, the Applicant plans to undertake a strategic expansion of its New York operations to further support activities at the Brookhaven facilities. As part of this initiative, approximately 77,000 square feet of existing warehouse space at the Horseblock Property will be redeveloped into a state-of-the-art pharmaceutical manufacturing facility dedicated to advanced dosage form production (e.g., oral solids and liquids, injectables, ophthalmics, etc.). This redevelopment represents a transformative investment in Brookhaven's life sciences infrastructure and further reinforces the Town's position as a center for high-value pharmaceutical manufacturing.

In connection with these upcoming renovations, the Applicant seeks financial assistance in the form of a PILOT Agreement and sales tax exemption from the Agency.

We respectfully request that the foregoing matter be added to the agenda of the Agency's April board meeting.

Please do not hesitate to contact me with any questions.

Very truly yours,

Laura K. Fallick
