Deponent further says that the reason this verification is being made by the Deponent and not by Blue Point Brewing Co. (company name) is because the said company is a corporation. The grounds of Deponent's belief relative to all matters in the said application which are not stated upon his or her own personal knowledge, are investigations which Deponent has caused to be made concerning the subject matter of this application as well as information acquired by Deponent in the course of his or her duties as an officer of and from books and papers of said corporation.

As an officer of said corporation (hereinafter referred to as the "Applicant"), Deponent acknowledges and agrees that Applicant shall be and is responsible for all costs incurred by the Town of Brookhaven Industrial Development Agency (hereinafter referred to as the "Agency") acting on behalf of the Applicant in connection with this application and all matters relating to the issuance of bonds. If, for any reason whatsoever, the Applicant fails to conclude or consummate necessary negotiations or fails to act within a reasonable or specified period of time to take reasonable, proper, or requested action or withdraws, abandons, cancels or neglects the application or if the Applicant is unable to find buyers willing to purchase the total bond issue required, then upon presentation of invoice, Applicant shall pay to the Agency, its agents or assigns, all actual costs incurred with respect to the application, up to that date and time, including fees to bond counsel for the Agency and fees of general counsel for the Agency. Upon successful conclusion and sale of the required bond issue, the Applicant shall pay to the Agency an administrative fee set by the Agency not to exceed an amount equal to 1% of the total project cost financed by the bond issue, which amount is payable at closing. The Agency's bond counsel's fees and the administrative fee may be considered as a cost of the project and included as part of any resultant bond issue.

Attached Statements
April 13, 2016**

Section 1, G

Have any of the owners / top executives ever been convicted of a felony?

We are not aware that the owner of the company or its top executives have ever been convicted of a felony and can confirm that the owner of the company has not been convicted of a felony in the last 10 years.

Section 1, H

Has the company ever been convicted of a felony?

We are not aware that the company has ever been convicted of a felony and can confirm that it has not been convicted of a felony since its acquisition by Anheuser-Busch in 2014.

Section 1, O, 3

Operation at Current Location: Type of operation (manufacturing, wholesale, distribution, retail, etc.) and products and/or services:

The current Blue Point Brewing Company operation resides at 161 River Avenue, Patchogue, NY 11772. The operation involves a craft beer manufacturing facility consisting of approximately 10,000 barrels of capacity. The operation includes the brewing, packaging, warehousing, and shipment of craft beer products. The current location also has a small experiential tasting room. Products include various varieties of craft beer products.

Section 2, B, 2, B

Does the project consist of additions and/or renovations to existing buildings? If yes, indicate the nature of expansion or renovation:

The proposed project consists of completely renovating the former private college building located at 225 W. Main St., Patchogue, NY 11772. The renovation would involve demolition

Section 2, H, 2

If there are other facilities within the state, is it expected that any of these facilities will close or be subject to reduced activity?

Yes

Section 2, H, 3

If you answered yes to question 2, above, please indicate whether the project is reasonably necessary for the company to maintain its competitive position in the industry. Please explain in detail:

If the proposed project goes forward, it is anticipated that the current location will remain in production while the proposed project site is renovated and equipment installed. Once the proposed project site is completed and fully in operation, the plan is to relocate fully to the new site and cease operations at the existing location as the lease terminates.

The proposed expansion is essential as the current operation as is does not have the capacity for future projected sales. Although other existing brewing operations could be used for anticipated demand, the goal of producing the product within the original local community could not be achieved. In addition, the proposed project provides the required area to also handle further expansions. Finally, Blue Point Brewing Company desires to be a focal point of the Town of Brookhaven and Patchogue Village revitalization, contributing to the enhancement of the existing retail business community, and creating an exciting tourist destination.
